

# Microsoft® Office Word 2010: Level 1

Course length: 1.0 day(s)

## Course Description

**Course Objective:** You will create, edit, and enhance standard business documents using Microsoft® Office Word 2010.

**Target Student:** This course is designed for students who wish to learn the basic operations of the Microsoft Word to perform their day-to-day responsibilities, and who want to use the application to be more productive in their work. It provides the fundamental knowledge and techniques needed to advance to using more complex Word features such as protecting your documents and usage of ligatures.

**Prerequisites:** To be successful in this course, you should be familiar with using personal computers and you should have used the mouse and keyboard. You should be comfortable in the Windows environment and be able to use Windows to manage information on the computer. Specifically, you should be able to launch and close programs; navigate to information stored on the computer; and manage files and folders. To ensure your success, we recommend you first take one of Element K's introductory Windows courses, such as either of the following, or have equivalent skills and knowledge.

 Windows XP Professional: Level 1

 Windows XP: Introduction

## Certification

This course is one of a series of Element K courseware titles that addresses Microsoft Office Specialist (MOS) certification skill sets. The MOS and certification program is for individuals who use Microsoft's business desktop software and who seek recognition for their expertise with specific Microsoft products.

## Course Objectives
