

Microsoft® Office O365: Transition from Office 2010

Course Number:

091039

Course Length:

1 day

Course Description

Overview:

This course builds upon the foundational Microsoft Office 2010 knowledge and skills you've already acquired. It focuses on the enhanced features you'll want to leverage to improve the way you manage, organize, present, and distribute your company's data and information.

You'll explore a variety of enhancements, from Word's ability to edit PDF files to the new Flash Fill functionality in Excel that dramatically increases the speed at which you can add data to a spreadsheet. You'll discover how the cloud has been deeply integrated into your Office experience and how collaborating with colleagues has never been easier.

This *Microsoft® Office O365: Transition from Office 2010* course will help you bridge the gap from the version you already know and love, to the latest release of Microsoft's flagship productivity suite.

Course Objectives:

In this course, you will explore the new features available in Office O365 applications.

You will:

- Identify new and enhanced features that are common across all applications in Office O365.
